

Guestroom / RV / Tent Camping accommodations available & On-site Overlook Restaurant

DAY & DATE	TIME	ACTIVITY TYPE	PRESENTER	AFFILIATION	DESCRIPTION OF ACTIVITY (free activities require a nature park day-use fee for non-overnight guests)
Tuesday, March 1, 2022	10-11am	Presentation	Sondra Fox, Master Naturalist	Master Naturalist	GARDENING FOR BUTTERFLIES: Learn what native plants attract butterflies in various growing seasons.
Tuesday, March 1, 2022	1-2pm	Presentation	Sondra Fox, Master Naturalist	Master Naturalist	MONARCH BUTTERFLIES 101: Life cycle, migration, and conservation of Monarch butterflies. This important butterfly is currently continuing to decline in numbers and is a candidate under the Endangered Species Act.
Thursday, March 3, 2022	10-11 am	Presentation	Melanie Huff	Highland Lakes Chapter of the Native Plant Society	WHAT ARE NATIVE PLANTS: What qualifies as a native plant and why should I like them to benefit wildlife and water conservation?
Thursday, March 3, 2022	1-2pm	Presentation	Melanie Huff	Highland Lakes Chapter of the Native Plant Society	RETHINK YOUR LANDSCAPE: In lieu of planting non-native, invasive plants, try helping our birds, bees and butterflies by planting native plants.
Friday, March 4, 2022	3-4pm	Nature Craft	Canyon of the Eagles	Canyon of the Eagles	MAKE A BIRDFEEDER: Make a birdfeeder to take home and hang it in your garden. Parents, please be on-hand to assist your children.
Friday, March 4, 2022	Sunset	Movie	Canyon of the Eagles	Canyon of the Eagles	MOVIE UNDER THE STARS: Enjoy a family-friendly movie themed around either birds, bees, or butterflies with films ranging from documentaries to animated features. Movie shown outdoors with plenty of room to social distance. Snacks available through guest services.
Saturday, March 5, 2022	9-11am	Guided boat tour for birding and bird photography	Steve Morrison, Boat Captain	Canyon of the Eagles	BIRDING BOAT TOUR: The 8-pasenger pontoon boat will visit and linger in areas on Lake Buchanan known with bird activity for observation and photography. MUST BE 8 YRS. OR OLDER. \$50 PER PERSON. ADVANCE REGSITRATION REQUIRED, call 512-334-2071 ext. 1.
Saturday, March 5, 2022	11am-1pm	Observation Hive	Scott McKane, Owner	McKane Apiary Service & Bee Removal	Q & A ON BEES: View an observation bee hive up close and ask questions to a bee expert.
Saturday, March 5, 2022	3-4 pm	Bee Hive Tour	Scott McKane, Owner	McKane Apiary Service & Bee Removal	HIVE DIVE: 30-minute bee hive tour and inspection to examine the inner workings including tips to identify the queen and cell types. Session followed by Q&A. ADVANCE REGISTRATION REQUIRED THIS SESSION IS FOR BEGINNING AND INTERMEDIATE BEEKEEPERS ONLY. MUST BRING AND WEAR A BEE SUIT AND SIGN LIABILITY WAIVER. Reserve by calling 512-334-2070 ext. 1.
Sunday, March 6, 2022	9-10am	Guided Walk	Willard Horn	Highland Lakes Master Gardener	PLANT POLLINATORS: Walk the trails to find and identify plant pollinators. Do you know the top 5 pollinators?

DAY & DATE	TIME	ACTIVITY TYPE	PRESENTER	AFFILIATION	DESCRIPTION OF ACTIVITY (free activities require a nature park day-use fee for non-overnight guests)
Monday, March 7, 2022	10-11am	Guided Walk	Paula Schechter	Nature & Sensory Enthusiast	SENSORY JOURNEY: Join us on a unique nature walk where the focus is using your senses. Close your eyes and listen to birds, feel the wind on your skin, smell the plant life, see the beauty around you. This is an exercise in celebrating nature and the health benefits associated with getting outdoors.
Tuesday, March 8, 2022	1-2pm	Presentation	Erin Wehland, Wildlife Biologist for Burnet & Lampasas Counties	Texas Parks & Wildlife	RELATIONSHIP BETWEEN DEER MANAGEMENT AND BIRD HABITAT: Moderate to excessive deer numbers can negatively impact bird habitats. Learn why hunting is an important part of bird management.
Wednesday, March 9, 2022	1-2pm	Hands-on outdoor activity	Amy Parke, Master Gardener	Highland lakes Master Gardener	PLANTING FOR POLLINATORS: Plant and take home a pollinator flowering plant and learn why these are important for attracting beneficial insects
Thursday, March 10, 2022	10-11am	Nature Craft	Canyon of the Eagles	Canyon of the Eagles	NATURE'S PAINTBRUSH: Collect nature's paintbrushes such as leaves, branches, and flowers to paint a piece of art. Go freehand or use the butterfly outline provided.
Thursday, March 10, 2022	11am-Noon	Presentation & Honey Tasting	Clinton Walker	Fain's Honey	HONEYBEE NECTAR SOURCES & VARIETAL HONEY: Flower nectar determines the flavor of honey, so what are local and regional nectar sources for bees in different seasons? What parts do weather and farming play in honey production? Discuss pollination vs. honey production from a bee perspective. At the end of the presentation will be a Q&A and a honey tasting to highlight the flavor differences based on nectar sources.
Friday, March 11, 2022	10-11am	Presentation with Observation Hive	Kellie Jensen, Texas A&M Master Beekeeper Program	Woodlynns Farm	OBSERVATION HIVE-BIOLOGY OF THE HONEY BEE: What are the different jobs of bees within the hive and how their job changes with age.
Friday, March 11, 2022	1-2pm	Presentation with Observation Hive	Kellie Jensen, Texas A&M Master Beekeeper Program, Woodlynns Farm	Woodlynns Farm	OBSERVATION HIVE- LIFE OF THE HIVE: Learn how a bee colony works as a unit and how their lives change throughout the seasons.
Friday, March 11, 2022	Sunset	Movie	Canyon of the Eagles	Canyon of the Eagles	MOVIE UNDER THE STARS: Enjoy a family-friendly movie themed around either birds, bees, or butterflies with films ranging from documentaries to animated features. Movie shown outdoors with plenty of room to social distance. Snacks available through guest services.
Saturday, March 12, 2022	9-11am	Guided boat tour for birding and bird photography	Steve Morrison, Boat Captain	Canyon of the Eagles	BIRDING BOAT TOUR: The 8-passenger pontoon boat will visit and linger in areas on Lake Buchanan known with bird activity for observation and photography. MUST BE 8 YRS. OR OLDER. \$50 PER PERSON. ADVANCE REGISTRATION REQUIRED, call 512-334-2071 ext. 1.
Saturday, March 12, 2022	10-11am	Live wildlife experience	Roger Rucker	All Things Wild Rehabilitation	LIVE WILDLIFE EXPERIENCE: Meet and learn about wildlife rehabilitation animals. A few wildlife ambassadors will be on hand to meet and touch.
Saturday, March 12, 2022	11am-1pm	Observation Hive	Scott McKane, Owner	McKane Apiary Service & Bee Removal	Q&A ON BEES: View an observation bee hive up close and ask questions to a bee expert.

DAY & DATE	TIME	ACTIVITY TYPE	PRESENTER	AFFILIATION	DESCRIPTION OF ACTIVITY (free activities require a nature park day-use fee for non-overnight guests)
Saturday, March 12, 2022	3-4 pm	Bee Hive Tour	Scott McKane, Owner	McKane Apiary Service & Bee Removal	HIVE DIVE: 30-minute bee hive tour and inspection to examine the inner workings including tips to identify the queen and cell types. Session followed by Q&A. ADVANCE REGISTRATION REQUIRED. THIS SESSION IS FOR BEGINNING AND INTERMEDIATE BEEKEEPERS ONLY. MUST BRING AND WEAR A BEE SUIT AND SIGN LIABILITY WAIVER.
Sunday, March 13, 2022	9-10am	Guided Walk	Willard Horn	Highland Lakes Master Gardener	PLANT POLLINATORS: Walk the trails to find and identify plant pollinators. Do you know the top 5 pollinators?
Sunday, March 13, 2022	11am-1pm	Observation Hive	Scott McKane, Owner	McKane Apiary Service & Bee Removal	Q&A ON BEES: View an observation bee hive up close and ask questions to a bee expert.
Sunday, March 13, 2022	3-4 pm	Bee Hive Tour	Scott McKane, Owner	McKane Apiary Service & Bee Removal	HIVE DIVE: 30-minute bee hive tour and inspection to examine the inner workings including tips to identify the queen and cell types. Session followed by Q&A. ADVANCE REGISTRATION REQUIRED. THIS SESSION IS FOR BEGINNING AND INTERMEDIATE BEEKEEPERS ONLY. MUST BRING AND WEAR A BEE SUIT AND SIGN LIABILITY WAIVER.
Monday, March 14, 2022	10-11am	Presentation & Honey Tasting	Clinton Walker	Fain's Honey	HONEYBEE NECTAR SOURCES & VARIETAL HONEY: Flower nectar determines the flavor of honey, so what are local and regional nectar sources for bees in different seasons? What parts do weather and farming play in honey production? Discuss pollination vs. honey production from a bee perspective. At the end of the presentation will be a Q&A and a honey tasting to highlight the flavor differences based on nectar sources.
Monday, March 14, 2022	1-2pm	Butterfly Release	Canyon of the Eagles	Canyon of the Eagles	BUTTERFLY RELEASE: Gather lakeside outdoors at the Labyrinth to participate in the ethereal experience of a synchronized release of Painted Lady butterflies into nature in honor of loved ones, hopes, dreams, and wishes. Butterflies are \$5 each and must be reserved by MARCH 3rd by emailing PR@CanyonOftheEagles.com. Include your name, cell phone number, the release date of March 14th, and how many butterflies you wish to purchase. Please arrive at the event site one-hour prior to launch time to pay inside the Park Store. Unsold butterflies, if any, may be purchased at 1:15pm. Onlookers and photographers are welcome.
Tuesday, March 15, 2022	9-10am	Guided Walk	Willard Horn	Highland Lakes Master Gardener	PLANT POLLINATORS: Walk the trails to find and identify plant pollinators. Do you know the top 5 pollinators?
Tuesday, March 15, 2022	2-3pm	Nature Craft	Canyon of the Eagles	Canyon of the Eagles	MAKE A BIRDFEEDER: Make a birdfeeder to take home and hang in your garden. Parents, please be on-hand to assist your children.
Wednesday, March 16, 2022	1-2pm	Nature Activity	Canyon of the Eagles	Canyon of the Eagles	BUILD & FLY A KITE: Did you know wind is an important pollinator? Nature-themed kites available for purchase in Guest Services. Parent, please be on hand to assist your children. KITES AVAILABLE FOR PURCHASE IN GUEST SERVICES OR BRING YOUR OWN.
Wednesday, March 16, 2022	Part 1 of 2: 6:30-7PM	Walk/Talk	Tania Homayoun, Texas Nature Tracker Biologist	Texas Parks & Wildlife	HOO'S IN YOUR NEIGHBORHOOD?: Learn the basics of owl biology and the role they play in our eco-systems and the ways they intersect with human culture. We will introduce a few Central Texas owl species and discuss ways we can support them in our backyard and beyond. Part 1 is the trail walk.

DAY & DATE	TIME	ACTIVITY TYPE	PRESENTER	AFFILIATION	DESCRIPTION OF ACTIVITY (free activities require a nature park day-use fee for non-overnight guests)
Wednesday, March 16, 2022	Part 2 of 2: 7-8pm	Presentation	Tania Homayoun, Texas Nature Tracker Biologist	Texas Parks & Wildlife	HOO'S IN YOUR NEIGHBORHOOD?: Learn the basics of owl biology and the role they play in our eco-systems and the ways they intersect with human culture. We will introduce a few Central Texas owl species and discuss ways we can support them in our backyard and beyond. Part 2 is the presentation with photos.
Thursday, March 17, 2022	10-11am	Nature Craft	Canyon of the Eagles	Canyon of the Eagles	BUTTERFLY NATURE ART: Scavenger the area for twigs, leaves, and flowers to create your butterfly art project. All other art supplies to be provided.
Thursday, March 17, 2022	3-4pm	Guided Walk	Paula Schechter	Nature & Sensory Enthusiast	SENSORY JOURNEY: Join us on a unique nature walk where the focus is using your senses. Close your eyes and listen to birds, feel the wind on your skin, smell the plant life, see the beauty around you. This is an exercise in celebrating nature and the health benefits associated with getting outdoors.
Friday, March 18, 2022	9 am-Noon	Walk/Talk	Craig Hensley, Texas Nature Trackers Biologist	Texas Parks & Wildlife	INTRO TO iNATURALIST & BIOBLITZ: Come with a fully-charged phone and the free iNaturalist app (we can help if needed). Learn how to use this easy tool for exploration and education of nature wherever you roam in the the world! This is a great lifelong family-friendly activity.
Friday, March 18, 2022	Sunset	Movie	Canyon of the Eagles	Canyon of the Eagles	MOVIE UNDER THE STARS: Enjoy a movie outdoors with plenty of room to social distance themed around either birds, bees, or butterflies.
Saturday, March 19, 2022	9-11am	Guided boat tour for birding and bird photography	Steve Morrison, Captain	Boat Canyon of the Eagles	BIRDING BOAT TOUR: The 8-pasenger pontoon boat will visit and linger in areas on Lake Buchanan known with bird activity for observation and photography. MUST BE 8 YRS. OR OLDER. \$50 PER PERSON. ADVANCE REGSITRATION REQUIRED, call 512-334-2071 ext. 1.
Saturday, March 19, 2022	9-10am	Guided Walk	Willard Horn	Highland Lakes Master Gardener	PLANT POLLINATORS: Walk the trails to find and identify plant pollinators. Do you know the top 5 pollinators?
Saturday, March 19, 2022	11am-Noon	Presentation	Hank & Sissy Rominski (Hank is a Master Gardner)	Master Gardener	PLANTING TO ATTRACT & PHOTGRAPH POLLINATORS IN A BACKYARD GARDEN: Nature lovers share their experiences of gardening and photographing on their Kingsland acre.
Saturday, March 19, 2022	1-3pm	Hands-on outdoor activity	Emily Hansen, Master Naturalist	Capital Area Master Naturalists	BIRD BEAK BUFFET: Stop by and play the matching game and compare everyday household tools to the types of bird beaks and how our feathered friends use their beaks to eat, and survive. This is a drop-in activity-stop by anytime..
Sunday, March 20, 2022	10-11am	Presentation & Honey Tasting	Clinton Walker	Fain's Honey	HONEYBEE NECTAR SOURCES & VARIETAL HONEY: Flower nectar determines the flavor of honey, so what are local and regional nectar sources for bees in different seasons? What parts do weather and farming play in honey production? Discuss pollination vs. honey production from a bee perspective. At the end of the presentation will be a Q&A and a honey tasting to highlight the flavor differences based on nectar sources.
Monday, March 21, 2022	9-10am	Guided Walk	Willard Horn	Canyon of the Eagles	PLANT POLLINATORS: Walk the trails to find and identify plant pollinators. Do you know the top 5 pollinators?
Thursday, March 24, 2022	10-11 am	Presentation	Melanie Huff	Highland Lakes Chapter of the Native Plant Society	WHAT ARE NATIVE PLANTS: What are they and why should you like them to benefit wildlife and water conservations?

Thursday, April 28, 2022	10-11am	Nature Activity	Canyon of the Eagles	Canyon of the Eagles	BUTTERFLY NATURE ART: Scavenger the area for twigs, leaves, and flowers to create your butterfly art project. All other art supplies to be provided.
Thursday, April 28, 2022	11am-Noon	Presentation & Honey Tasting	Clinton Walker	Fain's Honey	HONEYBEE NECTAR SOURCES & VARIETAL HONEY: Flower nectar determines the flavor of honey, so what are local and regional nectar sources for bees in different seasons? What parts do weather and farming play in honey production? Discuss pollination vs. honey production from a bee perspective. At the end of the presentation will be a Q&A and a honey tasting to highlight the flavor differences based on nectar sources.
Friday, April 29, 2022	3-4pm	Guided Walk	Paula Schechter	Nature & Sensory Enthusiast	SENSORY JOURNEY: Join us on a unique nature walk where the focus is using your senses. Close your eyes and listen to birds, feel the wind on your skin, smell the plant life, see the beauty around you. This is an exercise in celebrating nature and the health benefits associated with getting outdoors.

DAY & DATE	TIME	ACTIVITY TYPE	PRESENTER	AFFILIATION	DESCRIPTION OF ACTIVITY (free activities require a nature park day-use fee for non-overnight guests)
